17th October 2025

Dear Parents/Carers,

Eco-Schools 'Cut Your Carbon' 2025

Our Eco team at Shoreham Village School is excited to invite all our families and friends to join in with the Eco-Schools campaign to reduce our carbon footprint this November.

It's simple to participate and all our results will be uploaded to the Eco-Schools data log. Together, with small changes and choices, we can make a difference!

Please help by joining in and sending in your results to our Eco Team at the end of November and we will let you know the difference we have made as a school and together with all the participating schools! Complete the form available here to bring in to school <https://cutyourcarbon.eco-schools.org.uk/uploads/2025/10/38d98e98d70b3a4acd731c8fc0e61c58.pdf>

Thank you,

Eco Team
