Dear Parent / Carer,

Today your child has been given our 'Keep yourself fit and healthy' leaflet which offers some helpful tips to support their physical and emotional wellbeing. You might want to sit down and look at it together.

The Kent School Health team assess the health and development of children and young people aged 4 to 19 as they go through school. We have set contacts throughout their time at school (Reception year, year 6, 10 and 12). We are also here to offer support all the time your child is of school age. Your child does not need to be in school to use this service.

If you would like further support, please visit our website or call 0300 123 5205 to speak confidentially to a member of the team.
