**Dear Parent/Carer,**

Our health questionnaire for **current Year R** children will be closing on the 30<sup>th</sup> June. We wanted to take this opportunity to send a final reminder of our offer of support before this time, and would particularly encourage you to complete a health assessment for your child if you are (still) struggling with any of the following:

- Daytime wetting/soiling
- Managing behaviour/emotions at home or at school
- Fussy eating behaviour
- Managing sleep routines

In addition, we are able to offer some brief support and strategies to support parents of children presenting with concerns around possible Autistic Spectrum Disorder/ ADHD **or** those who are on the pathway awaiting a diagnostic assessment.
