November 2025

Dear Parents/carers,

## Year 2025 Autumn Term Curriculum Letter

Welcome to the Autumn Term at Shoreham Village School! The Year 3/4 children have returned to school refreshed after their well-earned holiday and we are very impressed with the way they have already settled into lessons and are beginning to get to grips with new routines. A copy of the curriculum map for this term is attached for your information, along with a class timetable and homework timetable. The children will have PE sessions on a Monday and Friday and will need to come to school in their PE kits on those days. The children have a homework book in which a weekly homework note will be stuck in and the date it is due in. It may not always be possible for your child to complete all of the homework set. Please encourage your child to finish what they are capable of, and then spend some time reading for 10 to 20 minutes each day, revising and practising their times tables. It is important that the children get into a routine of reading instructions and questions for themselves, and to have a good attempt at the work set. A relaxed discussion with your child about work they are stuck on can often be beneficial, providing your child does not feel under pressure. The Mathletics program will also encourage them to work on their maths skills, whilst Purple Mash is good for times-tables practice. The LEXIA programme will support spelling and reading.

Please also help your child to be prepared for lessons by providing them with a named water bottle, which is to be taken home every night to wash and refill.

The Autumn Term is always a busy one so please refer to the Autumn Term 2025 Calendar, and be on the lookout for letters, Parentmail and information on the website, informing you of events taking place. We are confident that your child will have a happy, productive and enjoyable term but should you wish to discuss any aspects of their experiences at our school, please do not hesitate to pop in and discuss them with us, preferably after school, or make an appointment through the School Office.

Many thanks for your continued support. We look forward to working with you throughout the year.

Yours sincerely

Miss Fitch Mrs Gillian Lovatt-Young

Moore Class Teacher Headteacher

## Year 3/4 Autumn Term 2 2025 Curriculum Map

Maths	Number: Addition and Subtraction				
14141113	Add up to two 4-digit numbers – no exchange; across a 10; across a 100; across a 100; Add numbers				
	with a different number of digits; Subtract up to two 4-digit numbers – no exchange; across 10; across				
	100; across 1000; Subtract numbers with a different number of digits; Complements to 100 and 1,000; Estimate answers; Inverse operations; Efficient methods.  Number: Multiplication and Division				
	Use arrays; Sharing and grouping; 2, 5 and 10 times-tables; 4 times-table; 8 times-table; 2, 4 and 8				
	times tables; 3 times table; 6 times table; 9 times-table; 3, 6 and 9 times-tables; 7 times-table; 11				
	times-table; 12 times-table; multiply by 1 and 0; Divide by 1 and itself.				
	Times-Tables				
Literacy	<b>Reading:</b> The Girl who Stole an Elephant by Nizrana Farook. Summarising, understanding themes				
	and personal response. Inferring characters feelings and personal response.				
	Retrieve information and understand themes. Compare text types and infer. Prediction and author				
	intent. Summarising and comparing.				
	Writing: Critical analysis of narrative poetry: to know a narrative poem tells a story; to know key				
	poetic conventions; compare and contrast poems; use direct quotations to illustrate a point in analysis.				
	Write a critical analysis organising writing into paragraphs.				
	Third person adventure story:				
	News Report:				
	Handwriting.				
	Grammar/Puncuation: use inverted commas; use fronted adverbials; nouns, pronouns, possessive				
	apostrophes; descriptive devices;				
	Spelling:				
Science	Term 2: Forces and Magnets: What is a contact force? Know that contact forces are pushes and pulls				
	that require contact between two objects. How do different surfaces affect the movement of objects?				
	Know that friction is a contact force that affects the				
	movement of objects. What is a magnet and how do they work? What metals are attracted to a				
	magnet? Do all magnets have the same strength? Revisit and assess substantive knowledge from				
	previous sessions.				
Geography	Town 2. Village Toyyn City Vey Skills Describe hymnon feetures of the LIV regions cities and/on
